

FULTON COUNTY TRIBUNE.

Auditor, County 1-1-14

VOL XXXII NO 17

WAUSEON, OHIO, FRIDAY AUGUST 6 1915

\$1.50 PER YEAR

TEN YEARS' LIGHT

Village Council Close Contract With President Schenk of The Toledo And Indiana Railway for City Lighting—Citizens Asked to Cooperate in Avoiding Dark Lamp.

Council met in regular session last Monday evening with air of assurance about the individual members that betokened the announcement of some great victory won or some great task completed; further evidence of something in the way of good news to be disclosed was the presence in the council chamber of officials of the Toledo & Indiana Railway Company whose faces expressed satisfaction with the world at large. But good things come slow and the Mayor believes in having things move along in proper order. The routine business was disposed of and Mr. D. A. Fauser presented a verbal petition to the council asking that the deep ditch alongside the east side of Shoop Avenue and adjoining his property on that avenue, be filled in so that it would be unnecessary to bridge the present ditch in order to get in on the property and to improve the appearance of the avenue which is one of the most travelled approaches to the town. The filling in of the ditch would involve the laying of a tile drain to carry off the surface water and the matter was referred to the sewer committee for further investigation and report. The Mayor called for a report from the light committee and city solicitor Darby reported for the committee that The Toledo & Indiana Railway Company had conceded practically all points insisted upon by the council and they were ready to submit contract for formal acceptance by council. The contract calls for the maintenance of practically the same amount of lighting on Fulton street that Wauseon has been enjoying for the past year this includes one hundred and ten ornamental, three lamp standards, the top lamp sixty C. P. side lamps, forty C. P. There are to be ninety-nine one hundred C. P. lamps six two hundred C. P. lamps to be hung in the center of each street and to burn all night on month schedule. Additional lights and change of lights are provided for under certain conditions and restrictions and always at the direction of the council. Provisions are also made whereby the council may have tests of voltage made and when it is found that voltage is below required standard the contractor is to make good and to pay expenses of testing. Contractor also to replace all dead or inefficient lights and keep all poles etc. clean. The contractor gives bond in the sum of \$10,000 for fulfillment of contract and to indemnify the town for damages to person or property from the operation of the lighting plant.

Lamps that are dead cost the contractor one cent per hour of the time they should be giving light after the first night.

Here is where the citizens can help to maintain the efficiency of the lighting system and also help the village to get all the light it pays for; if a lamp in the vicinity of your residence or place of business is dark when it ought to be giving light, notify the electric light plant at once. Every citizen should consider himself or herself a committee of one to see that all the lights in the village are actually giving light. The contractors are anxious to give efficient and satisfactory service and will appreciate being notified when things are out of order. Don't wait to hunt up a councilman or Mayor just phone directly and at once to the lighting plant.

The price agreed upon for the service as it now stands is \$4150.00 per year payable in monthly installments. This includes lighting that is paid for by the various railroad companies whose lines pass through Wauseon and the county, bringing the amount actually paid by the village to a little more than \$3700 per year. The village has the right in case of financial emergency to reduce the lighting to a minimum of \$3600. The contract is for a period of ten years and as the council have been wrestling with this problem since the expiration of the old Williams & Company contract last February; quite naturally they felt relieved of a heavy burden when a resolution was passed accepting the contract. An expert electrical engineer was called in by the council to represent them in negotiations with

the lighting contractors and there is no doubt that the contract is as favorable to the village as could possibly be obtained. The Village has double the lighting which it formerly had and pays only one third more than was paid under the former contract.

Following the conclusion of the business of closing the lighting contract there were discussions of sewers and traffic and the Mayor announced that he would have the city solicitor draw up a short traffic ordinance to be presented for action by the council.

\$1500.00 APPROPRIATED

County Commissioners Vote \$1500.00 to Help in Building Soldier's Monument to be Erected on County Grounds \$19,500—Road Bonds Sold.

The county commissioners at their meeting last Monday made glad the hearts of the Fulton County Soldiers and Sailors Memorial and Monumental Association by voting to appropriate \$1500 to help in the erection of a monument on county grounds to the memory of the soldiers and sailors who have gone from Fulton county to serve under the national colors. This amount added to the amount raised by popular subscription and paid in to the treasury of the Association will approximate \$3700, and will be used to erect the monument which when completed will be consigned to the commissioners as county property. The trustees of the Association will act promptly in the matter of selecting design and having the monument erected, they hope to have the monument in place and completed before cold weather. The effort to secure this monument has extended over the last three years the opportunity to subscribe for it has been presented in one way or another to practically every resident of the county, it is a thing that ought to be done and it is a thing that cannot but make happy the last days of the surviving "Boys in Blue," while it is, at the same time only their just due from a people whose prosperity, peace and comfort is in large measure founded in their loyal and patriotic services in the time of national peril. We believe the commissioners have done a wise thing in making this appropriation and we also believe that no citizen of Fulton county will ever regret having contributed toward its erection.

The commissioners also opened bids for the purchase of county bonds for the improvement on Inter County Highway No. 301, West of Archbold and Sections H. and I. of No. 21 on the Angola road.

The total amount of bonds to be sold was \$19,500 and there were nine bidders. The highest bidder, a Chicago firm were irregular in their bids and consequently the bonds were awarded to the next highest bidder, the Ohio National Bank of Columbus who offered a premium of \$55.85.

WEATHER FORECAST.

Issued by U. S. Weather Bureau, Washington, D. C. For the week beginning Wednesday August 4, 1915.

For Region of the Great Lakes: Showers Wednesday will be followed by generally fair weather the remainder of the week, except in the northern upper Lake region where showers are again probable about Friday. Temperature will be moderately low, followed by a rise by Friday in the upper Lake region.

For Region of Ohio Valley and Tennessee: The weather will be generally fair during the week with temperatures slightly below the normal for two or three days followed by a slight rise thereafter.

Tuesday—The Federal Constitution. Movement towards 1787 to 1786. Hamilton's part. Annapolis convention. Philadelphia convention 1787, membership, plans, compromises. Adoption, and ratification by states.

Thursday—Compromise of 1850 and the Southern Regime.

IMPORTANCE OF SIRE.

Maplecrest Pontiac De Kol Banostine, a cow owned by the Maplecrest Stock Farm Company, East Claridon, Ohio, has just completed a seven days' test in which she made 32.85 pounds of butter. This is the twelfth daughter of Pontiac Anggie Kordyke, to make more than thirty pounds of butter in seven days. There is no other sire in the world that has as many thirty pound daughters.

FULTON'S WHEAT RECORD.

According to the Toledo Times, the yield of wheat in the farm of W. L. Biddle which was recorded in the Tribune last week, breaks the World's record for wheat production:

The former world's record was held by Dewey Haines, Arcanum, Ohio, at 55 2-3 bushels per acre; the yield on Mr. Biddle's farm this year was 58 8-125 per acre, and from a correspondent of this paper we receive the information that Thomas Gorsuch of this county will take a high place with a yield of 50 bushels to the acre crowding the former world's record for the second place.

Our correspondent says: "Last Friday afternoon Mr. Fashbaugh threshed 450 bushels of No. 6 wheat from nine acres of ground for Thos. Gorsuch. Does that sound as if our land in Fulton county is becoming impoverished?"

PRIMARY ELECTION.

Primary Election to elect candidates for municipal offices and two members of the Board of Education for Wauseon school district will be held at the usual polling places in Wauseon next Tuesday August 10th. Polls open from 5:30 a. m. to 5:30 p. m.

AUTO ACCIDENT

Driver of Auto Runs Into Wauseon Citizen on Fulton Street In Broad Daylight—No Crowd—No Disturbing Confusion.

As another caution to drivers of automobiles, that they can never be too careful in driving comes an accident which occurred on North Fulton street Friday morning at about seven o'clock in which Webster Stough figures as the victim. Mr. Stough was going north on Fulton street riding a bicycle, when about opposite Pink & Haumesser's drug store some one on the side walk hailed him and Mr. Stough turned his head for an instant to answer when he looked back to the front he found himself facing an auto and no chance to avoid a collision.

Mr. Stough was thrown from his wheel and sustained a rather serious scalp wound a cut on the left arm and severe bruises on his legs and arms; the wheel was a complete wreck. The machine stopped long enough to see what damage he had wrought and Mr. Stough had the presence of mind to copy the license tag number, but the driver did not make any offer to compensate Mr. Stough for the damages he had sustained.

Dr. E. A. Darby dressed Mr. Stough's wounds and he has been able to keep up and about, although as may readily be imagined he is pretty sore. Both parties were running their vehicles in the middle of the street; if the ordinary rules of the road for all vehicles had been observed by the auto driver, and he had kept to the right side of the street the accident would not have occurred, furthermore the driver of the auto had given no warning signal of any kind and Mr. Stough did not see the auto until it was practically on top of him. We repeat, no driver of any vehicle can be too careful and there is no time when a driver can afford to relax his vigilance while he is driving a machine. "A ounce of prevention is worth a pound of cure."

OBITUARY.

Abigail Barber was born January 29th, 1830, in New York, and died at her home at Brayley July 28th, aged eighty-five years five months and twenty-eight days. She was married to Daniel Arnsberger September 18th, 1851, and to them were born two children, a son Orlando Arnsberger and a daughter which preceded her, and she had been a widow for many years. She was also another girl which was raised in this home and who is now in the West. She was baptised and united with the United Brethren church at North Dows on the twenty-sixth day of May, 1895. Mrs. Arnsberger leaves one son, three grand children and eleven great grandchildren.

CARD OF THANKS.

We desire to express our sincere thanks to our friends and neighbors for their many acts of kindness during the sickness and death of our wife and mother.

Mr. and Mrs. O. Arnsberger and Children.

NOT WHAT THEY SEEM.

Ohio liquor interests have established headquarters at 1011-1014 Outlook Building Columbus, under the misleading name of the Ohio Temperance Union. The men in charge are H. R. Probasco, of Cincinnati, and W. L. Cassidy, of Marion. Both are affiliated with the wet interests. Probasco having made Anti Prohibition speeches during last year's campaign. However, their names or none other appear on the letter heads or literature of the Ohio Temperance Union.

An effort is being made by the Ohio Temperance Union to establish booths at county fairs and other places for the distribution of what it calls "temperance" literature. This literature, however, is attacks on prohibition and is part of the campaign of the brewers to defeat prohibition. The name of the organization and its letters are designed to make the people believe it is a bona fide temperance movement when, in fact, it is exactly the opposite.

Postponing Old Age.

Overworked, weak, diseased kidneys make one feel old before middle age. Rheumatism, aches and pains, too free perspiration of strong odor and other symptoms are warning that the kidneys need help. Foley Kidney Pills make the kidneys strong and active. Fink & Haumesser.

FARM FOR SALE.

I have a fifty-nine acre farm which must be sold at once to settle an estate. The farm lies one mile east and one mile north of Ottokates, and is a good piece of land. Barn and other out buildings new and well painted; house fair. Here is a splendid bargain but must be taken quick. 17-2-c L. H. DEYO.

BURGLARY

Rural Egg Company Robbed—Herbert McNichol Gets The Cash But Fails to Get Away.

Mr. Earl Pontious experienced the real thrill of having his place of business burglarized last Tuesday night when on his return from the picture show with his wife he found that the building on East Oak street occupied by the Rural Egg Company, of which he is the manager, had been entered and in all probability something of value had been taken.

Mrs. Pontious objected to her husband's entering the building until he had called help, which he did, and when the party gained access to the interior of the building they discovered that the nocturnal visitor had come and gone taking with him a considerable amount of cash.

The building had been entered through a window from which a screen had been torn away and the money taken consisted of small change constituting accumulated premiums due the patrons of the Rural Egg Company and amounting to \$28.61. The Sheriff was called and Mr. Pontious cornered to him his suspicions in regard to the guilty party. The sheriff acted immediately upon the information given by Mr. Pontious and went immediately to the garage of Mr. Chas. Griser on West Leggett street, where they found both the cash and the man that had taken it. Some two or three weeks ago a young fellow drifted into town and claimed to be looking for work. Mr. Griser gave him work and at the fellows request and

to help him along, permitted him to sleep in the upper part of his garage the man doing odd jobs for Mr. Griser and others and claiming to be on the look out for steady employment. For the past several days this man had been loafing about Mr. Pontious place of business and had asked him for employment. Tuesday evening he had stayed in the building until Mr. and Mrs. Pontious left to go to the picture show walking with them until the party reached Fulton street when he turned north saying that he was going to see some one who lived in the north end of town. After leaving the picture show Mr. Pontious and his wife returned to the ware house on Oak street to see if every thing was all right for the night, and found that the building had been entered as described above.

The young fellow who gives his name as Herbert McNichol of Chicago, a little less than twenty-one years of age, was taken into custody by Sheriff McQuillin and lodged in the county jail Tuesday night; Wednesday morning he was brought before Justice L. H. Devo, pled guilty to the charge of burglary brought against him and was bound over to the grand jury for the October term of Common Pleas Court.

HOLSTEIN-FRIESIAN MEETING.

The Holstein-Friesian Association of Fulton county will hold an all day meeting and basket dinner at the Burr Farm, Saturday August 21st. Dr. D. Aitken of Flint, Michigan, President of the Holstein-Friesian Association of America expects to be present. Everybody is invited to come and bring their dinner.
